

On October 11, 2006 the Milwaukee County Employee Retirement System will host a Retirement Information Session at the Clinton Rose Senior Center. This session will provide information to any Milwaukee County employee who will be interested in retiring October 2006 through the end of December 2007.

In addition to voluntary retirement, the discussion will cover involuntary retirement. With voluntary retirement adequate planning can be provided to maximize your retirement and separate benefits because there is usually enough advance time to determine all options available. With involuntary retirement there is not always enough time to adequately plan for all options. For example, your retirement application must be completed while in active employment status or you could forfeit your right to the rule of 75 or back drop benefit.

It is very important that you contact the Pension office whether or not you are planning to retire or faced with any other alternatives to be sure that you consider all options your retirement plan has to offer. Contact us at 414-278-4207.
